ABOUT US

Every moment in life is a fresh beginning. That brings with it the boundless joy of new possibilities. VARDAAN CLASSES have always been innovating to create excellence. We had a very humble beginning with a vision to provide an ideal launch pad for serious students. We started to develop ways to enhance Students' IQ. It was the urge, the compelling desire, to always aspire for perfection. The Success of our Students was inspiring and so was their faith in VARDAAN CLASSES. This Journey from just a VARDAAN Institute, to the most powerful brand in serious education has been exhilarating. For us at VARDAAN CLASSES, The Journey will never be over... For us, this Journey itself is the destination.

Wishing you the very best.

MISSION: TO CREATE INDIA'S BEST INSTITUTION
VISION: TODAY A READER. TOMORROW A LEADER

I choose to make the rest of my life the best of my life.

OUR HAPPY FACULTIES

Mathematics may not teach us how to add love or subtract hate, but it gives us every reason to hope that every problem has a solution. It is the most beautiful and most powerful creation of the human spirit.

Dr. Surya sir, +7 years exp
Maths Faculty, **Ph.D, NIT**

Science is magic that works. Art is the tree of life. Science is the tree of death. Science is the great antidote to the poison of enthusiasm and superstition.

Mr. Chauhan sir, +5 years exp
Science Faculty, **M.Sc**

In science, there are no shortcuts to truth. Science is not just a body of facts, but a way of thinking critically and objectively about the world around us.

Mr. Rajesh sir, +5 years exp
Science faculty, **IIT Madras**

It's not rocket science. It's social science - the science of understanding people's needs and their unique relationship with art, literature, history, music, work, philosophy, community, technology and psychology.

Mr. Nishu sir, +12 years exp
SST & Hindi, **M.Sc**

The principal goal of education should be value based and applicable for people in general to govern impossible tasks of our life. It is not that you read a book, pass an examination, and finish with education.

Mr. Arvind sir, +14 years exp
English & Sanskrit, **M.Sc**

Without mathematics, there's nothing you can do. Everything around you is mathematics. Everything around you is numbers. There should be no such thing as boring mathematics.

Mr. Manish sir, +2 years exp
Maths. **B. Sc**

Don't let yesterday take up too much of today.
